ACCREDITATION AND CREDIT DESIGNATION STATEMENTS

Weill Cornell Medical College is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Weill Cornell Medical College designates this live activity for a maximum of *7.25 AMA PRA Category 1 Credit(s)™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

DISCLOSURE OF RELATIONSHIPS/CONTENT VALIDITY

It is the policy of Weill Cornell Medical College to adhere to ACCME Criteria, Policies, and Standards for Commercial Support and content validation in order to ensure fair balance, independence, objectivity, and scientific rigor in all its sponsored activities. All speakers, Course Directors, Co-Course Directors, planners, reviewers, and staff members participating in sponsored activities are expected to disclose relevant financial relationships pertaining to their contribution to the activity. Relationship information is analyzed to determine whether conflicts of interest exist. All conflicts of interest are resolved prior to participation in the planning or implementation of this activity. Presenters and authors are also expected to disclose any discussion of (1) off-label or investigational uses of FDA approved commercial products or devices or (2) products or devices not yet approved in the United States.

WCMC CME activities are intended to be evidence-based and free of commercial bias. If you have any concerns, please call the Office of Continuing Medical Education at 646-962-6931 to anonymously express them.

ACCOMMODATIONS

Discounted accommodations are available. Visit the course web site for more information and to reserve a room. Discounted accommodations are available only while supply lasts.

LOCATION/TRAVEL

Weill Greenberg Center
1305 York Ave, 2nd Floor
New York NY 10021

BY CAR: FDR driving SOUTH, exit at 71st Street. FDR driving NORTH, exit at 63rd Street. Garage parking is available.

BY AIR: Arrivals at LaGuardia, John F. Kennedy and Newark International Airports. Public transportation and taxi service are available from all three airports.

Pituitary Disorders Across the Age Spectrum

SPONSORED BY: Weill Cornell Medical College

OVERVIEW/COURSE DESCRIPTION

This course is a comprehensive overview and discussion of the evaluation; management; and medical, surgical, and radiation treatments of the pituitary tumor. The conference will comprise lectures, case-based talks, and Q & A panel sessions. This year's symposium will concentrate on pituitary disorders in specific populations: children, pregnant women, men and women during childbearing years, and the elderly, with special sessions on pituitary surgery, medical management, and radiation therapy for those populations.

EDUCATIONAL OBJECTIVE

The pituitary gland plays an enormously important role in human development, the maintenance of various essential physiologic functions, and aging and senescence. Hence, the health of the pituitary gland is critical at all stages of human life. For this reason, there are a variety of pituitary disorders that can have a profound impact on multiple organ systems at different ages. General practitioners and even specialists in endocrinology may not be fully aware of the widespread impact of the pituitary gland in health and disease; the function of this course is to educate and inform a general medical audience on pituitary disease.

DATE AND TIME

Friday, October 19, 2018
Registration: October 19, 2018; 8:00 AM

LOCATION

Weill Greenberg Center
1305 York Ave, 2nd Floor
New York NY 10021

IDENTIFIED PRACTICE GAPS/EDUCATIONAL NEEDS

The percentage of patients being diagnosed with pituitary disorders has increased in different fields of medicine and physicians have insufficient enhanced awareness of the pituitary disorders. The purpose of this course is to enhance the knowledge in the physiology of pituitary gland function along with details of recognizing, evaluating, and managing a variety of pituitary disorders and conditions with which they have limited awareness, including prolactinoma, adenoma, acromegaly, and Cushing disease. Participants would also be instructed on the effects of these conditions on other biological systems. Focus will be placed in the diagnosis and management of these conditions in specific populations: children, pregnant women, and the elderly.

TARGET AUDIENCE—NATIONAL

This CME course is intended for physicians in endocrinology, obstetrics, geriatrics, fertility medicine, neurosurgery, ophthalmology, medical oncology, radiation oncology, neurology, internal medicine, family medicine, general medicine, orthopedics, and pediatrics as well as physician assistants, nurse practitioners, medical students, interns, residents, fellows, and other sub-specialists and allied health professionals who desire to update their medical knowledge in pituitary disorders.

PRELIMINARY AGENDA

8:00am-8:30am Registration/Continental breakfast

8:30am-8:40am Welcome/Opening Remarks
Georgiana Dobri M.D. & Theodore H. Schwartz M.D.

8:40am-9:10am Pituitary disorders in children
Zoltan Antal, M.D.

9:10am-9:40am Puberty and growth disorders in children with pituitary pathology
Oksana Lekarev, M.D.

9:40am-10:00am Aspects of pediatric skull base surgery
Jeffrey Greenfield, M.D.

10:00am-10:10am Q&A panel
Moderator- Theodore Schwartz, M.D.

10:10am-10:30am Refreshment Break

10:30am-11:00am Fertility and sex hormone replacement in men with pituitary disorders
Darius Paduch, M.D.

11.00am-11:30am Fertility and sex hormone replacement in women with pituitary disorders
David Eric Reichmen, M.D.

11:30am-12:20pm Pituitary disorders in pregnancy
Mark Molitch, M.D.

12:20pm-1:10pm GH deficiency and hypogonadism in the elderly: to replace or not to replace?
Kevin Yuen, M.D.

1:10pm-1:30pm Q&A panel
Moderator: Georgiana Dobri, M.D.

1:30pm- 2:30pm Lunch

2:30pm-3:00pm Physiological aging versus hypopituitarism in the elderly
Georgiana Dobri, M.D.

3:00pm-3:20pm Ophthalmologic evaluation of patients with pituitary pathology in children, pregnant women and elderly
Marc Joshua Dinkin, M.D.

3:20pm-3:40pm Considerations for skull base surgery in pregnant women and elderly
Theodore Schwartz, M.D.

3:40pm-4:00pm Radiation therapy for pituitary masses in children, pregnant women and elderly
Jonathan Knisely, M.D.

4:00pm-4:30pm Q&A panel
Moderator- Theodore Schwartz, M.D.

4:30pm Adjourn

COURSE DIRECTORS

Georgiana Dobri, M.D.
Associate Professor of Neuro-Endocrinology in Clinical Neurological Surgery
Associate Professor of Medicine in the Division of Endocrinology, Diabetes and Metabolism
Weill Cornell Medicine

Theodore Schwartz, M.D.
Professor of Neurosurgery, Neurology, and Otolaryngology
David and Ursel Barnes Professor of Minimally Invasive Neurosurgery
Departments of Neurological Surgery, Otolaryngology and Neuroscience
Director, Anterior Skull Base and Pituitary Surgery
Director, Epilepsy Research Laboratory
Weill Cornell Medicine

FACULTY

Zoltan Antal, M.D.
Associate Professor of Clinical Pediatrics
Director, Pediatric Endocrinology
Weill Cornell Medicine

Marc Joshua Dinkin, M.D.
Director of Neuro-Ophthalmology
Associate Professor of Ophthalmology
Weill Cornell Medical College/ NewYork-Presbyterian Hospital

Jeffrey Greenfield, M.D., Ph.D.
Vice Chairman for Academic Affairs
Associate Professor of Neurological Surgery, Pediatric Neurosurgery
Associate Residency Director
Weill Cornell Medical College

Jonathan Knisely, M.D.
Assistant Professor of Radiation Oncology
Weill Cornell Medicine/ NewYork-Presbyterian Hospital

Oksana Lekarev, D.O.
Assistant Professor of Pediatrics
Associate Medical Director, Center for Congenital Adrenal Hyperplasia
Division of Pediatric Endocrinology
Weill Cornell Medicine

Mark Molitch, M.D.
Martha Leland Sherwin Professor of Endocrinology
Division of Endocrinology, Metabolism and Molecular Medicine
Northwestern University Feinberg School of Medicine

Darius Paduch, M.D, Ph.D.
Herbert Fisk Johnson Associate Professor of Reproductive Medicine and Urology
Director, Sexual Health and Medicine
Male Infertility Genetics Laboratory
Weill Cornell Medicine

David Eric Reichman, M.D.
Assistant Professor of Reproductive Medicine
Weill Cornell Medicine

Kevin Yuen, M.D.
Neuroendocrinologist Barrow Neurological Institute
Medical Director of the Barrow Pituitary Center
Barrow Neuroendocrinology Clinic

FEES AND REGISTRATION: Physicians: $300 | Nurses, NPs, and PAs: $200 | Residents and Fellows: $150
To register by mail, send a check to Roseann Henry, Neurosurgery CME Registration, 525 East 68th Street, Box 99, New York, NY 10065
Please include the course name on your check, and include your title and affiliation, email address, and daytime phone number. Checks must be received before October 12, 2018. Refund requests must be made in writing, and an adminstrative fee will be retained on all cancellations. There are no refunds after October 12, 2018.
